Clinical Toolkit → UW Medicine LMS → Launch LMS

This may take you straight into the LMS. If not, you may see the login screen below.

If you see this login screen, make it look like this:

use “amc\” before your login name (username), but not your password.

“\” is between Enter and Backspace on the keyboard.

In the LMS

To get to your training in the LMS:

- Click on the 2010 OD&T UWMC Annual Education link
- Clicking on the button will start your training.
- When your training begins, read the material and answer the quiz questions. You DO NOT need to print out any page at the end to prove you took the training.
- You may quit in the middle by clicking the “X” in the upper right of the training screen and resume at that point later by clicking on the Start button again. **If you quit in the middle of the final quiz, you must start the final quiz over again.**
