

NEW EMPLOYEE CHECKLIST:

Before New Employee Orientation (NEO)

Have a conversation with your manager or supervisor (as soon as possible)

Learn critical and time-sensitive information about your new job, your orientation/training schedule, and other requirements. Refer your manager to the New Employee Checklist that was attached to your electronic hire letter email.

1. Schedule

- Confirm the orientation schedule that is outlined in your hire letter with your manager. Ask if you have additional clinical or departmental orientations to attend. Confirm length, dates, and times.
- Make sure you know when/where to report after the last day of the orientations that are scheduled on your hire letter.
- Ask if your department orientation schedule/location will be different than the “regular” schedule that was discussed at your interview. Orientation can last as long as 4-6 weeks for some positions so it’s important to understand when your “regular” schedule will begin.

2. Hire letter

- Ask your manager any questions you may have regarding your hire letter.
- Identify your employment classification. Classification determines the rules of your employment including leave eligibility, benefits eligibility and how you will be paid.
- Understand whether or not your position is governed by a bargaining contract (i.e. union contract) and what that means for your role.

3. First payday and “Exception Pay”

- Learn when you will receive your first pay check, how your pay will be calculated (i.e. salary vs. hourly etc.) and approximately how many hours for which you can expect to be paid based on your first day of work.
- Ask about “exception pay” and if/how it applies to you in your role. Note: **All pay** for employees in the “hourly” employment classification (see hire letter) is “exception pay” and will be paid according to the “exception pay schedule”.

4. Professional Image Policy

- Our Professional Image Policy requires Business Casual Attire (e.g. no blue jeans, tank tops, or flip flops) and excellent personal hygiene. Ask your manager about how the Professional Image Policy will apply to you in your department/role.

Decide how you will get to your first day of New Employee Orientation (NEO)

Both days take place in the UW Tower Auditorium. Public transit is a great option! Parking in the Tower Garage costs \$15/day and is not reimbursable. Note your stall number and pay at the kiosk as you enter the UW Tower via the sky bridge.

Your commute is a very important part of your life, which is why we want to make sure you find reliable, affordable and enjoyable transportation options that will get you to and from work each day. Note: **Transportation products cannot be purchased until after employment begins.**

Learn about your benefit options as soon as possible:

Almost all Medical Centers employees are eligible for at least retirement benefits starting on their first day of employment. Your official eligibility will be communicated to you via a hardcopy letter from the benefits office that will be sent to the address for you that we have on file.
